

CRAM SHEET

15 Collaterals · 12 Divergent Channels · 12 Muscle Regions · 12 Cutaneous Regions

15 Luo pts · 12 Divergent channels (no pts) · 12 Muscle Regions · 12 Cutaneous Regions

Review Ready — No New Quiz This Week

15, Not 12

12 paired + CV + GV
+ SP Great Luo

No New Quiz

per Dr. Zhang, verbally
see flag on p.2

4 Layers

Luo · Divergent
Sinew · Cutaneous

+ Master tables for all 4 systems · Week 7 confluent-point Q&A · flagged discrepancies

The 15 Collaterals (Luo-Connecting Points)

MERIDIAN	LUO POINT	CONNECTS TO
Lung (LU)	LU 7 Lieque	Large Intestine
Large Intestine (LI)	LI 6 Pianli	Lung
Stomach (ST)	ST 40 Fenglong	Spleen
Spleen (SP)	SP 4 Gongsun	Stomach
Heart (HT)	HT 5 Tongli	Small Intestine
Small Intestine (SI)	SI 7 Zhizheng	Heart
Bladder (BL)	BL 58 Feiyang	Kidney
Kidney (KI)	KI 4 Dazhong	Bladder
Pericardium (PC)	PC 6 Neiguan	Sanjiao (Triple Energizer)
Sanjiao (SJ)	SJ 5 Waiguan	Pericardium
Gallbladder (GB)	GB 37 Guangming	Liver *
Liver (LR)	LR 5 Ligou	Gallbladder *
Conception Vessel (Ren Mai)		CV 15 Jiuwei
Governor Vessel (Du Mai)		GV 1 Changqiang
Great (Major) Spleen		SP 21 Dabao

* GB/LR collaterals: self-study slide content, not reached live.

THE 12 DIVERGENT CHANNELS (Jing Bie) -- No Points, No Organ

MERIDIAN	BEGINNING	EXITING	MERGES INTO
Lung (LU)	The axilla	Supraclavicular fossa	Hand-Yangming (Large Intestine)
Large Intestine (LI)	Hand / Spine	Supraclavicular fossa	Hand-Yangming (itself -- LI is the Yang partner)
Stomach (ST)	Thigh, abdomen	Mouth	Foot-Yangming (itself -- ST is the Yang partner)
Spleen (SP)	Thigh	Throat	Foot-Yangming (Stomach)
Heart (HT)	Axillary fossa	Face	Hand-Taiyang (Small Intestine)
Small Intestine (SI)	Shoulder joint	Axilla / abdomen	Hand-Taiyang (itself -- SI is the Yang partner)
Bladder (BL)	Popliteal fossa	Neck	Foot-Taiyang (itself -- BL is the Yang partner)
Kidney (KI)	Popliteal fossa	Nape	Foot-Taiyang (Bladder)
Pericardium (PC)	Chest, 3 cun below the axilla	Behind the ear	Hand-Shaoyang (Sanjiao)
Sanjiao (SJ)	Vertex	Supraclavicular fossa	Hand-Shaoyang (itself -- SJ is the Yang partner)
Gallbladder (GB) *	Lateral thigh, hip joint, abdomen/pelvic ...	Face / outer canthus	Foot-Shaoyang (itself -- GB is the Yang partner)
Liver (LR) *	Instep of the foot	Pubic region	Foot-Shaoyang (Gallbladder)

* GB/LR divergent channels: self-study slide content, not reached live.

The 12 Muscle (Sinew) Regions -- Binding Points

Hand-Taiyin (Lung)

Binds: *Thenar eminence, elbow*

Foot-Yangming (Stomach)

Binds: *Knee, hip, Quepen ST12, eyes*

Hand-Shaoyin (Heart)

Binds: *Pisiform bone, medial elbow, axilla*

Foot-Taiyang (Bladder)

Binds: *Popliteal fossa, nape, occiput, eyes*

Hand-Jueyin (Pericardium)

Binds: *Medial elbow, axilla, diaphragm*

Foot-Shaoyang (Gallbladder) *

Binds: *Outer canthus/side of nose, SC fossa (ST12 region), sacrum, above ST32, lateral malleolus/lateral knee*

Hand-Yangming (Large Intestine)

Binds: *Dorsum of wrist, lateral elbow, shoulder, side of nose*

Foot-Taiyin (Spleen)

Binds: *Medial malleolus (SP 5), medial knee (SP 9), groin, umbilicus, ribs*

Hand-Taiyang (Small Intestine)

Binds: *Wrist, medial epicondyle, axilla, mastoid process, mandible, outer canthus/ST8 area*

Foot-Shaoyin (Kidney)

Binds: *Below medial malleolus, knee, genital region, occiput*

Hand-Shaoyang (Sanjiao)

Binds: *Dorsum of wrist, posterior elbow, corner of forehead*

Foot-Jueyin (Liver) *

Binds: *Anterior medial malleolus, medial condyle of tibia, genitals*

* GB/LR muscle regions: self-study slide content, not reached live.

THE 4 STRUCTURAL PATTERN RULES

- All 3 Yang Muscle Regions of the FOOT (anterior/lateral/posterior aspects of the trunk) connect with the EYES.
- All 3 Yin Muscle Regions of the FOOT connect with the GENITAL region.
- All 3 Yang Muscle Regions of the HAND connect with the ANGLE OF THE FOREHEAD.
- All 3 Yin Muscle Regions of the HAND connect with the THORACIC CAVITY (chest).

THE 12 CUTANEOUS REGIONS (Pi Bu) -- self-study, not reached live

3 Yang (posterior/lateral view): Taiyang · Shaoyang · Yangming
3 Yin (anterior view): Taiyin · Shaoyin · Jueyin

FLAGGED (not silently resolved):

HOMEWORK/QUIZ: CONFIRMED via the official 2026 slide deck (2026AC300Lecture_8Vivian.pdf) and cross-checked against Lecture 7's own "For Next Week" slide: Lecture 7 originally planned "Quiz 6" (5 questions, 100 points, plus 1 bonus question worth 20 points) and "Homework 5" to cover this week's material (15 Collaterals, 12 Divergent Channels, 12 Muscle Regions, 12 Cutaneous Regions). However, Dr. Zhang stated verbally in the Week 8 lecture that there is NO new homework this week, and the Week 8 deck's own final slide ("For Next Week") confirms Week 9 covers "Acupuncture Points: General Functions and Categories" and to "Prepare for Final Exam (material from week 1-9)" -- with no quiz or homework mentioned. The older Lecture8Vivian1119.pdf's "Homework2 Due Week 8 / Quiz 2" text is confirmed stale template text (its reading assignment -- "intro to all 12 Primary Meridians" -- matches Week 2-level content, not Week 8/9). Net effect: Quiz 6 / Homework 5 were planned but not administered as new Week 8 deliverables -- treat this Quiz Kit as review material, not a stand-in for a graded quiz.

WEEK 7 REVIEW -- LIVE Q&A DR. ZHANG RAN AT THE START OF LECTURE 8

Q: Which vessel is called the "Belt" because it runs around the waist?

A: *Dai Mai (Belt Vessel)*

Q: True or false: Dai Mai is the only vessel that runs horizontally.

A: *True*

Q: Which two vessels have a confluent point that is the SAME as their starting point?

A: *Yin Qiao Mai (KI 6 Zhaohai) and Yang Qiao Mai / – Dr. Zhang: "Yin Qiao and Yang Qiao," both begin AND open at their confluent point.*

Q: Which three vessels share the lower abdomen as a common origin ("yi yuan san qi")?

A: *Du Mai (GV), Ren Mai (CV), and Chong Mai*

Q: True or false: the Du Meridian connects with the Bladder (zang-fu connection).

A: *False -- NONE of the 8 Extraordinary Vessels connect to a zang or fu organ; the vessels have no interior-exterior organ pairing the way primary meridians do.*

Q: Which channel is called the "Sea of All Yin Meridians"?

A: *Ren Mai (Conception Vessel)*

Q: Which channel is called the "Sea of All Yang Meridians"?

A: *Du Mai (Governor Vessel)*
